

Safety, Empowerment and Protection for Syrian and non-Syrian Refugees and Host Communities in Egypt

Terms of Reference

GED Training for Volunteers Alexandria and Cairo 2022

CARE Egypt Foundation (CEF):

CARE Egypt Foundation for Development, registration no 833 for the year 2018 at the Ministry Of Social Solidarity in Egypt. CARE Egypt Foundation (CEF) is an Egyptian, non-governmental organization harnessing the legacy of CARE International in Egypt since 1954 to fight poverty and improve livelihoods. We envision Egypt as a place where everyone enjoys economic opportunities, equality and social justice. We empower women and girls by sharing our values amongst the private sector, government and civil society.

Women's Rights Program

The Women's Rights (WR) Program is designed to empower poor and marginalized women in Egypt who suffer from rights' violation. Its impact goal is: By 2025, poor women in Egypt especially in Upper Egypt are empowered and enjoying a better quality of life, having attained their rights. In order to achieve this goal, the program works with both the duty bearers in government and civil society, as well as rights bearers, women themselves, to address discriminatory attitudes and behavior towards women and girls.

The WR program works with the duty bearers to support their role to protect and uphold the rights of women, and also with the women to encourage them to understand voice and demand their rightful entitlements. The program works on three domains (agency, relations and structure) in order to empower poor women in Egypt to gain their rights. Through the focus on agency, women's self-esteem and confidence are built, and women have increased financial independence to fulfill their potential as productive and income-earning members of their households and society. In addition, when power relations (families) are gender sensitive whilst tackling all forms of gender-based violence (GBV) within and outside the household, and when structures (social norms or laws) particularly in the area of personal status, domestic violence are reformed, passed and implemented, gender equality can be achieved.

The program has three themes, which are:

1. Tackling Gender-based Violence (GBV).
2. Women's Social and Economic Empowerment.
3. Engaging Men and Boys (EMB).

Safety, Empowerment and Protection for Syrian and non-Syrian Refugees and Host Communities in Egypt

CARE proposes a 2-year project to create an enabling environment to change harmful gender norms thereby reducing SGBV and increasing child protection with interventions targeted at the individual, family, community and societal level. SGBV forms targeted include intimate partner violence, non-partner sexual violence, FGM, CEFM, and child sexual abuse and exploitation. Activities will follow CARE's COVID-19 Standard Operating Procedures (SOPs), and will take place in person, if possible, strictly adhering to safety guidelines, or will shift to virtual and alternative implementation methodologies. CARE's SOPs also ensure our programs uphold

Sphere Protection Principles and Standards. A 2-year period is necessary to fully complete certain project components (i.e., livelihoods), further consult participants, and to build local authority capacities to take over the running of Women-Friendly Spaces.

Objective of the Assignment:

The consultant should help targeted learners (volunteers) to increase the knowledge, skills and attitudes of the participants on the issues of gender, diversity and equality at the individual and societal level to promote a culture of diversity and gender in refugee and host communities according Care GED manual.
