Position Reporting Lines

Main Job Purpose

The CARE Gender-Based Violence in Emergencies Global lead Advisor position, will lead CARE Egypt’s effort to lead the GBViE impact area for CARE confederation around the world. This position will fill the leading, advocating, technically assisting, coordinating and learning to maximize the impact of CARE’s quality GBViE programming. This role will build on CARE Egypt expertise in GBViE and other CARE precious experience in all over the world.

Objectives

- Ensure promoting/applying gender-trasnformative lens to GBViE work across the CARE confederation through coordination with teams working on various gender equality areas, GBV and GBV in Emergencies related functions at CARE.
- Ensure adequate representation and outreach across the CARE confederation and externally in the work of this outcome area, particularly with a focus on capacity sharing between global south and north.

- Facilitate access to technical expertise (internal and external experts) and support connecting experts with needs/demands through networks, platforms, communities of practice, or other ways.
- Support the development and implementation of a CARE GBViE advocacy agenda to ensure consistent, appropriate and timely action and messaging directed to key external target audiences. Support key networks and alliances in which CARE will take part globally, as required.
- Work with global MEAL and GBV colleagues to better understand GBViE data and impact at CARE, and to decide together how to use that data to strengthen the reach, quality and impact GBV/GBViE work across CARE .
- Supports Global GBViE advisors and colleagues responsible for fundraising and resource mobilisation for GBViE.

Accountabilities

- Lead CARE Egypt effort globally in GBViE to meet all CARE’s federation expectations for achieving CARE 2030 vision and GBViE programmatic objectives.
- Provide leadership on GBViE work across the CARE federation. This entails working through various programmatic areas and organizational teams from within the Gender equality Impact Area and to the Humanitarian Action Impact Area, with a particular linkage to the Global Gender in Emergencies Team. Leadership will include insisting on inclusive, participatory, feminist and mindful intersectional approaches so that CARE colleagues and partners from all corners of the globe have a voice regardless of members in CARE, authority, position, gender, race, social class, sexual orientation and ability.
- Provide GBViE technical Support to regional, global and Country office humanitarian and gender teams for fundraising and resources mobilizations for the GBViE.
- Lead global reflection, analysis of best practice, review of evaluations, studies, research and reach and impact data so as to constantly improve our programming in GBViE. Install a culture of curiosity, learning and collaboration.
- Support the development and implementation of a CARE GBViE advocacy strategy, messages and priorities to ensure consistent, appropriate and timely action with key actors. Ensure internal and external representation in alignment with the strategy.
- Create links and coordinate with key regional and global networks and alliances in which CARE will take part globally as required.
- Provide technical support and/or facilitate access to expertise (internal and external experts) and support connecting experts with needs/demands (through networks, platforms, communities of practice, or other ways).
- Coordinate with all GE , GBV and GBViE concerned committees ,task forces and structures at different levels in CARE and ensure establishing the community of practice platform for sharing knowledge and capture learning.
